

Preferred Solar Suppliers list

We believe in the power of small business. That's why one of our goals is to connect SMEs with one another. Here's a list of renewable energy suppliers that we support and are part of our Lula community. We hope you find it useful.

LRG Solar – Western Cape

LRG provide cost-effective power solutions to a wide variety of industries, through optimising clients' operations and holdings/properties to lower power usage. They specialise in solar water heating, LED lights and power management devices – and offer solar grid-tied and off-grid solutions.
